UltraLight Skin Repair Moisturising Cream - Active Rx

Hydrate, Repair & Protect

M2

BENEFITS: Ultimate hydration in a light moisturising lotion for daytime and night-time use, combined with antioxidants, HAs and active ingredients to promote radiance, stimulate collagen and protect the skin's barrier. Non-occlusive and non-comedogenic. Can be applied underneath makeup.

KEY INGREDIENTS:

- **Hyaluronic Acid** for moisture
- **Coenzyme Q-10** for skin-cell health
- **Acetyl Octapeptide-3** for wrinkle reduction
- **Nourishing minerals** and **natural antioxidants**

COMBINATION OF 13 DIFFERENT MEDICAL GRADE ACTIVES:

Super hydrating, light moisturising lotion with both ultra low molecular weight **hyaluronic acid** and normalised hyaluronic acid to help rebuild and plump deeper layers, firming the skin's surface

Light and extremely therapeutic base of **natural organic oils**, promoting soothing, **anti-inflammatory** and **anti-infective** results

Combined with **natural nourishing ingredients** to promote the health of skin cells for anti-ageing benefits

Aids skin repair, rebuilding and cell protection

No harsh chemicals or synthetic ingredients that can block the pores or irritate sensitive skin

Non-comedogenic and non-occlusive

Soothing and **calming** for **sensitive skin**, also aids acne, rosacea, psoriasis and eczema

Free of blocking and occlusive filler chemicals - no artificial colours, fragrances, lanolin, parabens, silicones, mineral oils or synthetic fillers

SKIN TYPE: All, Sensitive

DIRECTIONS: Apply 1 pump after cleansing twice daily, after any serums, before sunscreen.

KEY ACTIVES AND BENEFITS

Hyaluronic Acid

- Hydrates by increasing permeability and absorption of water into the skin
- Occurs naturally in the skin and attracts and binds up to 1000 times its weight in water
- Plumps the surface tissue to relieve dryness
- Helps repair natural barrier function
- Reduces moisture loss in the skin

Hyaluronic Acid - Low Molecular Weight

- Hydrates by increasing permeability and absorption of water into the deeper skin cell layers
- Low weight molecules to penetrate the deeper layers of your skin
- Occurs naturally in the skin and holds up to 1000 times its weight in water
- Helps to plump and hydrate the skin cells deeply from within
- Helps repair natural barrier function
- Helps to improve immune defence, antibacterial and healing responses
- Helps to restore more youthful self-hydration factors diminished by ageing and sun damage

Acetyl Octapeptide-3

- A peptide that helps prevent the formation of wrinkles and fine lines
- Reduces the muscle contractions that cause facial wrinkles by safely inhibiting acetylcholine
- Helps maintain the youthful structure of collagen and elastin fibres
- Helps protect the skin's natural barrier
- Studies found wrinkle reduction after 28 days of twice-daily use

Coenzyme Q10

- A naturally occurring enzyme that provides biological energy (ATP) to cells
- Aids cell repair and maintenance of cellular health
- Neutralises free radicals to help prevent ageing

Resveratrol

- A potent antioxidant extracted from red grapes and knotweed
- Helps protect cells from DNA damage caused by UV exposure and oxidative stress
- Anti-inflammatory, anti-bacterial and anti-acne properties

Honey (Mel)

- Antibacterial and anti-inflammatory properties
- Moisture-protecting properties to slow down dehydration

- Gentle exfoliator
- Aids in wound-healing

Honey Extract

- Bio fermented honey extract that helps soothe and hydrate the skin
- Contains naturally derived lactic acid

Royal Jelly Powder

- Produced by honeybees
- Nourishing source of proteins, vitamins, and essential amino acids
- Moisturising
- Anti-microbial properties
- Promotes cellular rejuvenation of damaged skin

Sphingolipids

- An amino acid and emollient that helps to build up the skin's protective lipid barrier
- Retains moisture in the skin

Phospholipids

- A structural component of cell membranes that helps to reduce water loss through the skin
- Aids hydration
- Acts as an emollient in the skin

MULTI-MINERAL BLEND OF ELEMENTS:

Magnesium Aspartate

- Helps the skin to maintain and synthesise proteins for youthful strength and health in the skin

Copper Gluconate

- Encourages synthesis of keratin, collagen and ATP (biological energy for cells)

Zinc Gluconate

- Plays an essential role in collagen production
- Wound healing properties to prevent scarring
- Helps boost immune function and reduce inflammation
- Regulates oil gland activity and promotes healing of acne
